Rejuvenate FACE

Facial Aesthetics by medical professionals

Steps to consider before having dermal fillers treatment

- Why you are having it done?
- Have you done your research?
- Where is the location of the clinic?
- Is the practitioner qualified?
- Has your practitioner explained any complications and knows how to deal with them?
- Have you had an in-depth consultation and assessment beforehand?
- Are their alternative treatments?
- Have you been given a treatment plan?
- Will you be provided with aftercare support?
